STATEMENT:
There is an old Eastern saying that goes something like this: "If you want to know what water is really like, don't ask the fish."

And that, my friends, points to the problem with the current major political parties; they have been floundering inside the Capitol fishbowl so long, that their motives no longer reflect the desires or best interests of Alaska.

I served my country proudly in the U.S. Navy, grew-up with little and worked hard for everything. The voters of District 19 elected me four times to represent them in the Alaska State House under the Republican banner and now, with the major parties having slid into a mediocre clone of one another, many have said, "Jerry, we need you back."

The outcome of this election will have profound effects, and it's critical you cast your vote for one who is outside the country club politics with Alaska's best interest in mind.

I advocate:

- The repatriation of public land. Alaska is almost entirely owned by the government-99.7%, in fact. The federal government owns the majority of Alaska's land. In conformance with Alaska's Statehood Compact, I will seek greater state control of our land.
- Pro-Life/Pro-Gun: We have an obligation to protect the innocent, and the Right to protect ourselves, our families, and our way of life.
- On subsistence: I believe in equality. There should be NO legal limitations on how a man, woman, or family is able to feed themselves from fish and game.
